

The Calendar

I can say how many days there are in months, a year and a leap year.

- 1) How many days are there in a year which isn't a leap year?

_____ days

- 2) How many days are there in a leap year?

_____ days

- 3) How many days are there in each month?

	Number of days
January	
February	
March	
April	
May	
June	
July	
August	
September	
October	
November	
December	

30 days
has September,
April, June and November,
All the rest have 31,
Excepting February alone.
Which has 28 days clear,
And 29 in each
leap year.

4) Use the 2021 Calendar to answer these questions:

a) Which have more days in total: March and April or July and August?

b) What day is 6th November?

c) Is 2021 a leap year? How do you know?

d) Which months have five Mondays in them?

e) Which Months have five Saturdays and five Sundays?

f) Henry's birthday is 2nd October. Today is 10th September. How many days is it until his birthday?

Hint: don't count today's date but do count the day of his birthday.
