4 Read and think.

To help infer the meaning of a word from the context, look at the information in the sentence around the word.

Look at the words in bold in the text in Activity 2.
Use the context of the text to work out the meaning of each word.
Make notes about the possible meaning of each word in your exercise book.

Word	Meaning
Example global warming	an increase in temperatures on Earth
greenhouse gases	
fossil fuels	
atmosphere	
extreme	
release
