

TOPIC	A building (It must not be a natural landmark; it must be man-made).
Development	Location, when it was built. Style. Peculiarities / characteristics. Use. Architect(s). Your reasons for choosing it.
Instructions	1. The presentation can be done individually or in pairs. 2. It will add a maximum of 0.5 in your final concepts/procedures grade. If you choose to shoot a video of yourself instead of a live presentation, the maximum extra credit will be of 0.2 3. In your presentation (ppt, prezi, genially...), remember there must be no text (only pictures, names , key words, quantities or dates). 4. Remember to save your presentation in different devices just in case and use a pen drive. 5. Short videos or trailers can be projected only if they are in English (shorter than 2 minutes) 6. Send an email to tsellares@lasalle.cat with: - the name of the building - who you are doing it with - when. 7. This presentation must take 3 to 5 minutes of content. 8. The non-accomplishment of these conditions will result in penalties.
