Dear Bob,

How are you? I'm fine. Life here on the farm is good. I helped my father turn over the soil early in the spring. He added a lot of compost to make the soil rich. Soon, we'll have fresh vegetables to sell at our vegetable stand.

Why don't you come visit me? We can have lots of fun. We live near Yosemite National Park. It's a great place. We can go hiking, camping, and rock climbing. There are also many animals in the park. We usually stay in a cabin, so you wouldn't need a sleeping bag or tent.

I hope you're doing well. Please write back when you have time.

Your friend,
Luis
