

Written Composition Hiking into the Forest

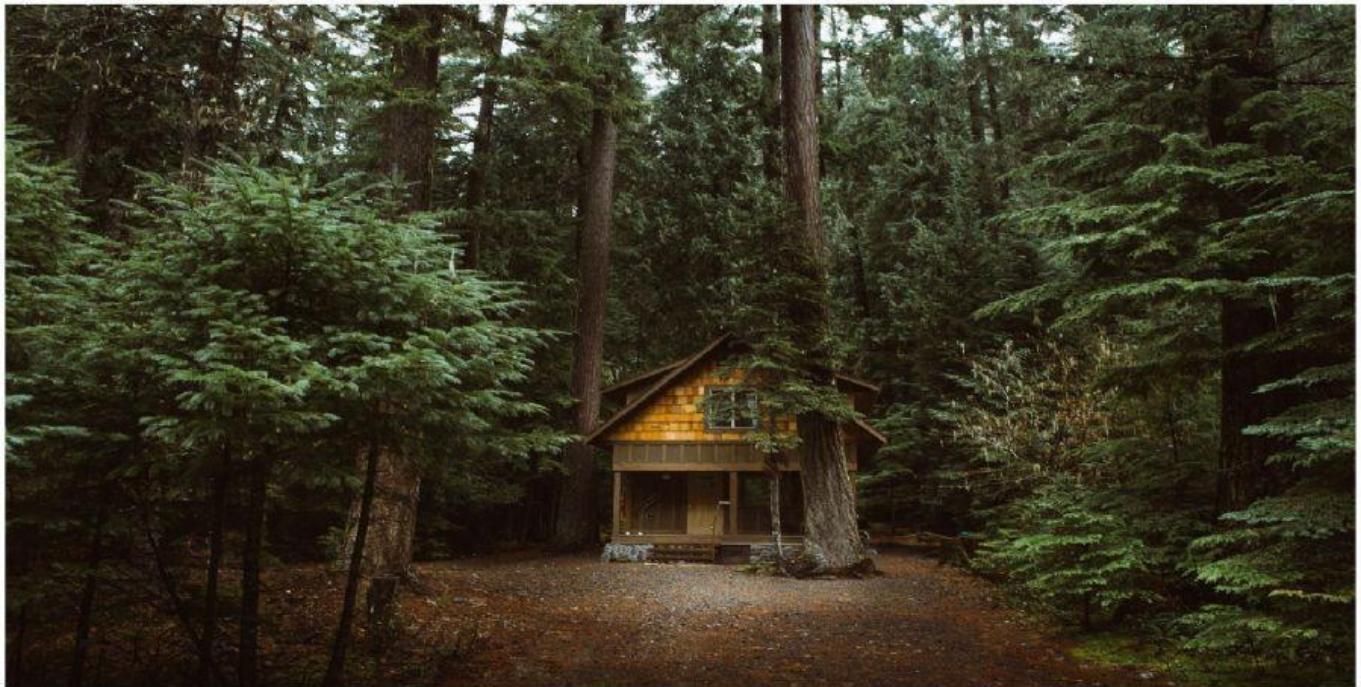

You have been in or near a forest. Use these lines to start describing the different parts of the forest. Use your five senses to help you describe the forest. What sounds, sights, smells, tastes, textures and temperatures capture your attention? Describe some activities in the bush from when you get there to when you leave.

What can people do in the woods? It was a question that ran through my head as my family and

I.....

Hiking Through the Forest

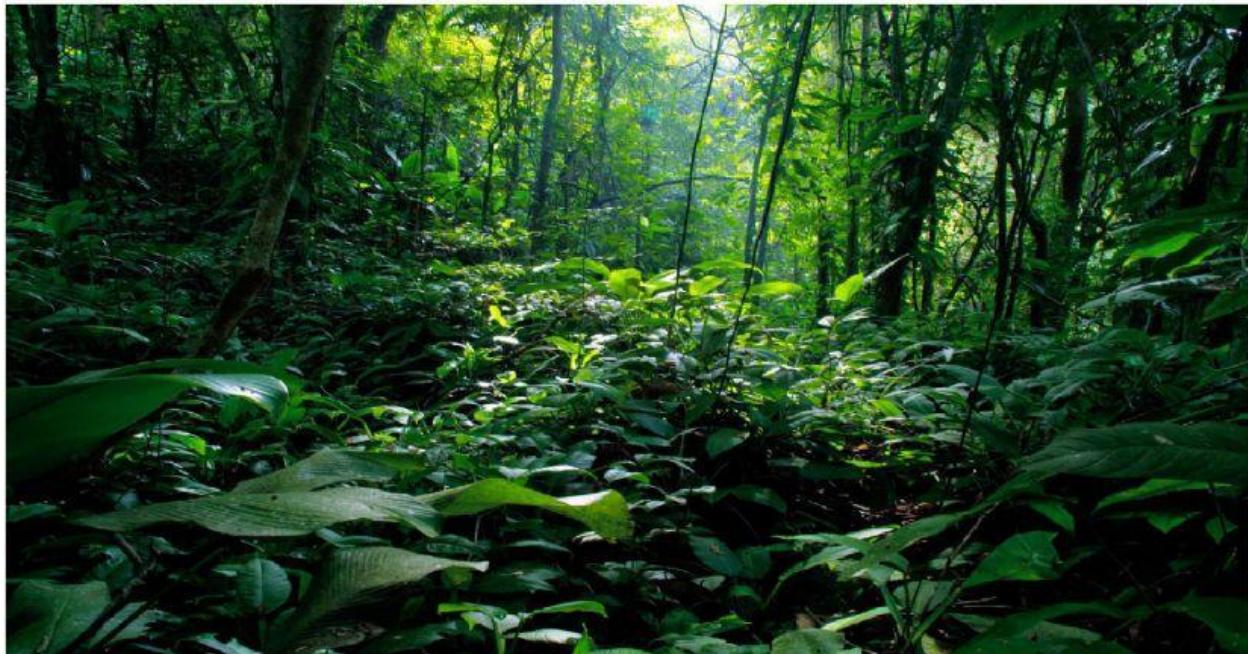

We decided to hike around the forest. The dense forest expanded...
