

## Types of Pets

1. Listen to the clues and then draw a line to match each sleeping place to the correct pet.

2. Count each type of pet and type the number in the correct box.

How many birds?		<input type="text"/>	How many fish?		<input type="text"/>
How many cats?		<input type="text"/>	How many rabbits?		<input type="text"/>
How many dogs?		<input type="text"/>	How many turtles?		<input type="text"/>
