**Les fractions :** je place les fractions sur une droite.

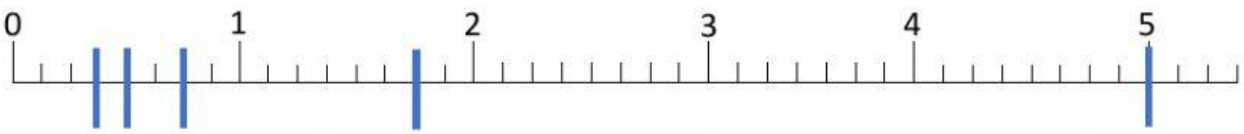

I. **Place** les fractions dans l'ordre croissant. Ce sont des fractions d'1 même objet (appelé 1 unité).

$$\frac{3}{4};\ \frac{1}{2};\ \frac{3}{8};\ \frac{10}{2};\ \frac{7}{4}$$

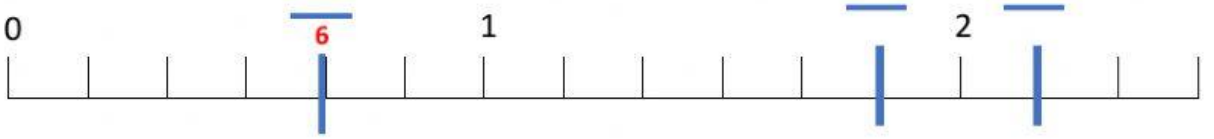

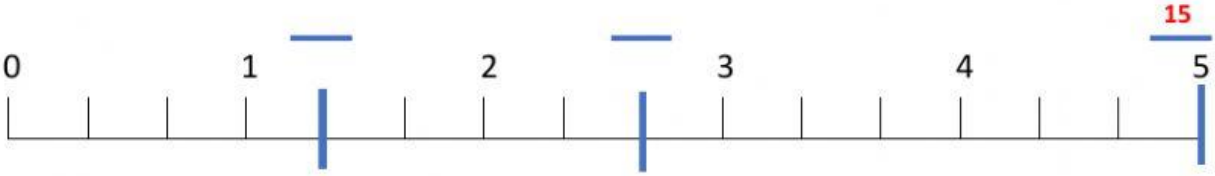

II. **Place** les fractions en respectant la graduation de chaque droite.

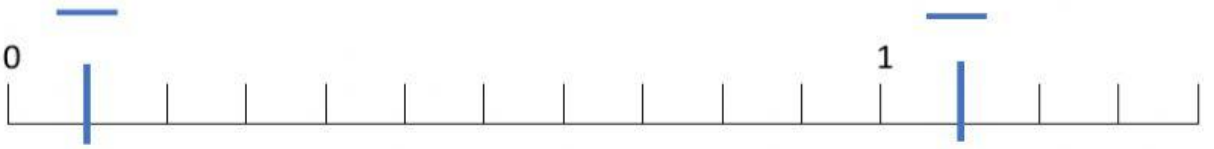

$$\frac{3}{4};\ \frac{1}{2};\ \frac{3}{8};\ \frac{10}{2};\ \frac{7}{4}$$

III. **Écris** les fractions sur les graduations de chaque droite.
