

WHAT DID YOU DO YESTERDAY?

A. Read carefully

I had a terrible day yesterday.

Hi, I am Mary. I am 9 years old. I am from Brazil. Today I am so happy but I was really sad yesterday. Why? Let me tell you.

Yesterday morning, I got up very early. I had milk and cereal for breakfast but I dropped the milk. After that, I took my online classes. I was so happy until the electricity went out. I was angry because I couldn't join my lessons.

In the afternoon, I had rice and duck but I hate eating duck so I only ate rice.

After that, I wanted to do my homework but it was too difficult for me and I couldn't send the homework on time. I went to the park but it was raining so my friends and I didn't play.

When I was in the kitchen with my mum, I talked to her, and she told me that sometimes we can have problems and we need to be calm because it would be better tomorrow.
