Stay Away

(Elvis Presley)

Ten _____ miles even though I roam

I can hear the call of the hills of _____

The canyons high and the valleys low

Echo "how can you ____ away"

My dreams are there where the _____ flies

Where the mountain tops seem to touch the _____

The winding streams and the winds that blow

Ask me "how can you ____ away"

Far too long have I stayed apart

From this land that I love and divide my _____

Now, now I know I must ____

_____ the hills say "don't stay away"

_____ the hills say "don't stay away"
