

WHAT TO DO and TO NOT TO DO DURING ZOMBIE ATTACK

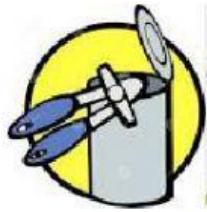

1. You have an electric or hybrid car because they are quiter than others
2. You consume your water carelessly
3. You think that you can kill zombies with a baseball bat easily because you are not in film.
4. You trust foreigners because they can kill you for a little food easily
5. You find some guns and learn how to use them
6. You finish your food stocks quickly
7. You stay in cities and go to regions in the mountains because cities can be more dangerous for you
8. If a group of zombies appears suddenly you escape and you try to fight because you hit only its head to kill
9. You check everywhere when you enter in a building
10. You find first aid kit, batteries, knife, can opener, torches and matches.
