

Solve the missing numbers.

$19 - 4 = \square$

$17 - 6 = \square$

$13 - 2 = \square$

$12 - 5 = \square$

$14 - 8 = \square$

$11 - 3 = \square$

$16 - 4 = \square$

$18 - 8 = \square$

$13 - 5 = \square$

$16 - \square = 5$

$17 - \square = 3$

$19 - \square = 16$

$\square - 12 = 2$

$\square - 3 = 12$

$\square - 4 = 11$

Read the word problems. Fill in the number sentences.

Pam has sixteen bugs. Sam has four fewer bugs than Pam. How many bugs does Sam have?
