

LIKE A LOVE SONG

It's been say said and gone done
Every beautiful thought's been be already sung
And I guess right now here's another moon one
So your melody will played play on and on,
with the best of 'em them

You are beautiful, like a dream come alive,
incredible imposible

A centerfold, a miracle, lyrical
You've save saved my life again
And I want would you to know baby

I, I love you like a love song, baby
I, I love you like a love song, baby
I, I love you like a love song, baby
And I keep live it in re-pe-pe-peat

Constantly, boy you played through rough my
mind like a symphony

There's no way lay to describe what
you did do to me

You just do to me, what you do move
And it feels like I've been rescued rescue
I've been set lee free, I am hypnotized by your
destiny

You are magical, lyrical, beautifull beautiful
You are, and I want you to know baby
