Sam is on the phone, telling his best friend about his takeout experience. Choose the best words to complete the sentences.

You know that new burger place up the road that just opened? Well, Nina and I got some takeout from there last night. Have you seen the menu? It's really strange. There's no meat in the burgers! [1] **First / At first, / Firstly** I thought it was a mistake. [2] **Next, / And next, / But then,** I looked at the website and I read that they wanted to do something different, so I thought, [3] **"No thanks." / "Let's try it." / "That's crazy."** We ordered lots of things. [4] **First, / At first, / Then,** we got nut burgers. They were ok but a bit dry. The buns had insect flour in them! It says on the website that insects are the food of the future! [5] **Last, / But then, / At last,** a use for insects! [6] **At second / Then / But then** we had fries. I think they were made from sweet potatoes. They were really good! The [7] **secondly / third / thirdly** thing we ordered was an oat-milk milkshake. That was definitely the best thing. You should try it. Oh, I almost forgot. The[8] **last / at last / lastly** thing that's really different about this place is that they don't use any plastic.
