

THE POPULATION OF EUROPE

1. Look at the map and answer the questions.

What are the two reasons of the ageing population in Europe?

Match the countries with their population density.

Belgium

Finland

Russia

Germany

High population density

Low population density

Sweden

Luxembourg

Iceland

UK

Classify these countries by their population density (look at the map).

Norway

Belgium

Ireland

Romania

Germany

Greece

Less than 10

From 10 to 100

From 101 to 500

More than 500
