

3 Tính rồi tìm thùng hoặc bao hàng thích hợp.

The image shows a math problem. At the top, there are four blue drones, each with a yellow propeller and a white addition problem on its body:

- Drone 1: $15 \text{ kg} + 35 \text{ kg}$
- Drone 2: $21 \text{ kg} + 39 \text{ kg}$
- Drone 3: $76 \text{ kg} + 17 \text{ kg}$
- Drone 4: $28 \text{ kg} + 28 \text{ kg}$

Below the drones, a small blue robot with large eyes and yellow feet is holding a green clipboard. A black line connects the robot to a row of four packages:

- Package 1: A brown cardboard box labeled 60 kg .
- Package 2: A green sack labeled 56 kg .
- Package 3: A brown cardboard box labeled 50 kg .
- Package 4: A green sack labeled 93 kg .

The background features a faint watermark in Vietnamese: "KẾT QUẢ TRI THỨC VỚI CUỘC SỐNG".
