

Name _____

Class _____

no. _____

1. Matching the equation and the solution of equation

- | | |
|-------------------|----|
| 1. $z - 3 = 7$ | -7 |
| 2. $18 + x = 36$ | 13 |
| 3. $2x + 5 = 45$ | 10 |
| 4. $-2 = -15 + m$ | 18 |
| 5. $-24y = 168$ | 20 |

2. Fill the solution of equations in the blanks

- | | | |
|-----------------------------|-----------|--|
| 1. $k + 5 = 16$ | therefore |  |
| 2. $\frac{40}{m} - 3 = 2$ | therefore |  |
| 3. $7n + 15 = 43$ | therefore |  |
| 4. $8p - 7 = 65$ | therefore |  |
| 5. $\frac{x}{12} + 18 = 21$ | therefore |  |
