Read the text about Adele and answer the questions that follow.

Adele has been one of the world's most well-known singers and songwriters in recent years. Born in North London in 1988, Adele started singing at a young age and she was mostly influenced by the Spice Girls. At the age of 16, Adele composed her first hit song, "Hometown Glory".

When she was a student at the British School for Performing Arts and Technology, she recorded three songs for a class project. All these songs later were posted on MySpace.com and became very popular. As a result, she was offered a record deal from XL Recordings after her graduation. Her first album "19" debuted at number one on the British charts in 2008.

In March 2008, she did a short tour in America and soon her international career began. In 2011, her second album, "21", **came out**. The music on this album was different from the soul music of "19". It was influenced by American country music, which Adele was listening to during her tour.

In 2012, she wrote and recorded "Skyfall" for the James Bond film of the same name. The song sold more than two million copies worldwide and for **it** Adele won the Academy Award for Best Original Song.

Since 2012, Adele has won many more awards. She has many fans including other famous singers because they admire her unique voice and her passion for music.
