Are you interested in Space travel? Then read Zoom Magazine's interview with Space Cadet, Zak Cohen. 14-year-old Zak is at The Space Adventure Summer Camp in Orlando.

Hi, Zak. So, do you like it here?

Yes, the camp is great. We learn a lot about space and we do lots of activities! Look, here are some photos of what we can do at the camp.

What are you doing in this photo?

I'm sitting in a special chair and I'm flying into space. Well, not really. I'm in a simulator – it's like a big computer game!

Are you enjoying it?

Yes, I am. It's a bit difficult – because I'm not good at computer games! But I'm having fun!

Cool! What about space walking? Is there a simulator for that?

Yes, there is, but I'm scared of it. I don't want to be sick!

What other things can you do at the camp?

We can make small rockets – they're great! And we can meet real astronauts too. I'm excited about that.

And what about aliens?

Aliens? You're joking! There aren't any aliens in Space Adventure!
