PART 1 READING	/ 20 points

My fashion, by Janie

I've just interviewed some of my classmates about their favourite clothes for my school project.

Q: What clothes in your wardrobe at home are your favourite?
Serena: That's a difficult question, but I think it's my green leggings and brown ankle boots.
Q: That's cool! How long have you had them?
Serena: I've had the boots for six months and I just bought the leggings on Saturday. I haven't worn anything else since… well only once, when my mum washed them and I had to wear my old jeans.
Q: Are you wearing anything special today?
Serena: Yes, my sunglasses. My aunt had them when she was a teenager, in the 1960s! They're retro and so cool!

Q: What's the best piece of clothing you've ever bought?
Ashley: It's my hoodie. Its dark blue and it has a zip up the front.
Q: Why is it so special to you?
Ashley: It was the first thing I bought with my own money. I have a part-time job at a music store.

Q: What's your favourite accessory?
Angela: That's easy. It's my ring and bracelet. My friend made them for me. They're really special to me.
Q: Oh cool! How long have you had them?
Angela: They were a birthday present from her, so I've had them since 16th June.
Q: And tell us about your necklace, Angela. Did your friend make that as well?
Angela: No, I've had this since I was 10-years-old. My dad bought it in Brazil when he was there on a business trip.

Q: What types of clothes do you often like to wear?
Will: Usually I wear jeans, a shirt and a sweater. I always like to look smart.
Q: What clothing or accessory is special to you?
Will: My silver watch. I always wear it otherwise I'd be late! It helps me keep track of time!
Q: When did you buy the watch?
Will: I didn't, it was a present from my grandparents. I've had it for two years.
