

Name: _____

Qualitative vs. Quantitative Sorting Activity

In your own words, define the following terms and assign each of them:

QUALITATIVE = _____

QUANTITATIVE = _____

Indicate if each statement is QUALITATIVE or QUANTITATIVE by writing the correct prefix (QUANTI or QUALI) in front of each sentence. Then write in your physical notebook the word in the statement that helped you determine your answer.

1. The gummy worm increased by 2 inches.
2. There were four dogs in the group.
3. The dogs were small.
4. The sample contained 3 different types of bacteria.
5. The patient complained of aches and pains.
