Unit 4

VI. Read the text carefully, then answer the questions.

Lunar New Year, or Tet, is the biggest and most important festival in Vietnam. Tet often falls between late January and early February.

A great deal of excitement still builds up well before Tet. Streets are decorated with colouredlights and red banners. Shops are full of goods. People are busy buying gifts, cleaning and decorating their houses and cooking traditional foods.

Homes are often decorated with plants and flowers at this time. Peach blossom is traditional at Tet in the North while apricot blossom is traditional in the South. One of Tet's most special foods is bank chung, which is made of sticky rice, green beans and fatty pork.

On the days of Tet, people visit other family members or friends and they exchange New Year's wishes. Children receive their "lucky money" inside red envelopes. Many people go to pagodas to pray for a happy new year for themselves and their families. Both children and adults take part in games and various forms of entertainment. Tet is really a time of fun and festivals throughout the country.
