

Open your **books on page 88-89** and read four short texts about the **CYBER CRIMES**.

1. Match the text A-D to the words and phrases 1-4.
Write only letters – A,B,C or D

- 1 credit or debit card fraud
- 2 a computer virus
- 3 spam
- 4 identity theft

2. Match the sentences about the high-tech criminals with the texts. Write A,B,C or D next to the sentences:

- 1 He worked with other criminals. _____
- 2 The identity of the criminal is a mystery. _____
- 3 He ran an advertising company. _____
- 4 He sent junk emails which weren't illegal. _____
- 5 He tried to steal money from thousands of people. _____
- 6 He didn't actually commit a crime. _____
- 7 He/She stole a lot of money from one person. _____
- 8 He damaged computers in many countries. _____

3. Complete these nouns from the texts:

- 1 _____ machine (text A)
- 2 _____ account (text A)
- 3 _____ information (text B)
- 4 _____ word (text B)
- 5 _____ number (text B)
- 6 _____ programmer (text C)
- 7 _____ email (text D)

4. Complete the sentences with the nouns from ex.3

- 1 I get so annoyed with all this _____. I never want anything that they're advertising.
- 2 It's essential to remember your _____ when you want to get cash out from a _____.
- 3 You mustn't tell anyone your _____. They could use it to steal _____ from you.
- 4 My sister is an amazing _____. She can even make computer games!
- 5 I've just opened a new _____ for the money from my new job.
