PART 1: Question 1- 5. Read the paragraphs and choose True or False. (2.5pt)

A. The loss of forest is destroying the earth's plant and animal variety. Scientists say about 5,000 species of plants and animals are eliminated each year. This is especially worring as many of those plants and animals could be used as medicines against cancer, AIDS, heart disease and many other sicknesses. We may never know the true cost of this destruction.

B. Man and most animals need a constant supply of water to live. Farmers need water for their crops. Hydroelectric dams hold back needed water and provide power for homes and industries. Trees, grasses, and other plant life play an important part in the natural circulation of water, and thus help conserve it. Without plants, most water would mn off as soon as it falls, taking away valuable soil. Rapid run-off would cause frequent floods and leave little water during dry seasons.

C. These days it is impossible to open a newspaper without reading about the damage we are doing to the environment. The earth is being threatened and the future looks bad. What can each of us do? We cannot clean up our polluted rivers and seas ovemight. Nor can we stop the disappearance of plants and animals. But we can stop worsening the problem while scientists search for answers, and laws are passed in nature's defence.

LIVEWORKSHEETS

1. Each year about fifty hundred species of plants, and animals are eliminated. **True** **False**

2. Plants may cause floods and erosion. **True** **False**

3. Water can be held on land by vegetafion. **True** **False**

4. Man is constantly doing harm to the environment. **True** **False**

5. We can do nothing to save the earth. **True** **False**

PART 2: Question 6- 10: Read the above paragraphs again and match. (2.5pt)

6. eliminate	**a.** the movement of something around a closed system
7. hydroelectric	**b.** liquid which flows off or from (something)
8. run-off	**c.** the act of destroying something, or the fact of being destroyed
9. circulation	**d.** conceming or producing electricity by the power of falling water
10. destruction	**e.** remove or get rid of completely

PART 3: Question 11- 15. Choose the best answer. (2.5pt)

11. The .....has threatened many of the animals in this park.

A. population B. remain C. contamination D. increase

12. Many laws ..... in nature's defense.

A. have passed B. are passed C. are passing D. were being passed

13. If I had known Arabic was so difficult to learn, I _____ it up.

A. would never take B. will never take

C. would never have taken D. would never have took

14. The movie on TV last night made me .....

A. boredom B. bored C. bore D. boring

LIVEWORKSHEETS

15. Music makes a funeral more solemn and ……..

A. mournful B. interesting C. lyrical D. exciting

PART 4: Question 16- 20. Fill in the blanks. (2.5pt)

16. ……..volunteers to help the poor children? – Linh and I do.

17. If today ……..yesterday, I would never talk to him that way.

18. Nha Trang, ……..is a famous beach in Vietnam, is very crowded in summer.
