What month does each season occur?

Summer happens during: _____

Autumn happens during: _____

Winter happens during: _____

Spring happens during: _____

Effects of weather on animals. Match the defnition with the concept.

1. Migration. ( )

Some animals sleep all winter. They escape from low temperatures. They stay in a safe place until winter ends

2. Hibernation. ( )

Most baby animals are born in spring because the weather is good for them to grow.

3. Reproduction. ( )

Some animals migrate. They move to warmer places for the coming winter.
