Hi Tom!

Thanks 1- I'm glad you are having a party for your birthday!

It sound like it's going to be a lot of fun. 2-that might help you with the menú.

3-is make empanadas. They are really easy to make and you can include different filings. It's also a good option for vegetarian people to serve empanadas with a vegetables filling. 4-sandwiches. Everybody loves them! And it's a good option for hot days.

5-!

Love,

Maria
