Thinking about holidays?

What about a different one?

My name is Millie and I am going to tell you about my last summer holiday. I had an incredible experience. First, I thought that spending my summer at school was boring but it was one of the best holidays of my life.

I spent one month with a lovely family in Brighton, in the South of England. I went there because I wanted to continue my English studies.

On January 3rd I arrived in England. It was a very cold winter day. Mandy was at the airport and she drove me to my new home.

My school!!!

Every morning I went to a school to study English. The teachers and my classmates were very nice. There were students from different countries so I had to speak English all the time.

In the afternoon my classmates and I walked round the city and had tea with scones at the coffee shop. We visited the most important places in the city and we bought souvenirs. I loved the Royal Pavillion. It is an exotic palace in the centre of Brighton.

At school I met a wonderful girl from China, Lu, and now we are good friends. On Saturdays we chat and play video games online.

It was a different summer holiday!
