Alan

I started playing tennis when I was five years old, but I was never very good at it. My parents really wanted me to do well and paid for me to have lessons outside school, but I always preferred football. I'm good enough to be in a top local team. With tennis, I could never hit the ball where I wanted it to go – it was always too high or too far. Finally, my parents let me stop going to tennis lessons and I've spent my time playing football since then.

Rod

My favourite sport has always been rugby. I've tried other sports and I was good at tennis. I won a tennis competition at school and my sports teacher told me that I was an excellent tennis player. But I didn't enjoy it as much as rugby because I like being part of a team. So I stopped playing tennis when I was about thirteen. My teacher and parents thought I should continue with it, but I preferred rugby.

Ben

I've always played a lot of sport. It's an important part of my life, and since I left school I do a wide variety of different types of sports – golf, rugby, tennis and football. I'm quite good at all of them, but I can't really say that I enjoy one of them more than the others. I'm probably best at rugby because I'm a big person, and it is hard to stop me when I'm running fast.

Part 6 (7 points)

Question 31 – 37.

Read the text carefully and decide if the statements below are *Right*, *Wrong* or *Doesn't say*

Winter Sports in Scotland

Winter is a great time to try out some new sports! In Scotland, there are many winter sports to be enjoyed.

Alpine Skiing

Alpine or downhill skiing is a popular sport. For many years, people used skiing as a mode of transport in snowy climates but in the nineteenth century, it became a popular pastime.

Curling

Curling is a Scottish sport, having been invented there over 500 years ago.

Curling involves heavy curling stones being pushed down an ice track towards a target. While the stone travels down the ice, the team's sweepers sweep the ice in front of the curling stone to make it move more quickly or to try to make it move to either side. Each team has eight stones to throw and points are awarded depending on how close each stone gets to the centre target.

Ice Climbing

Another sport that is gaining popularity in Scotland is ice climbing. Near Glencoe, there is a centre that has its very own indoor ice wall! People can learn how to ice climb, and grow in confidence in this safer environment before giving it a go in the wild Scottish countryside with guides.
