### III. WORD FORM

Use the word given in Capitals at the end of each line to form a word that fits in the space in the same line. There is an example at the beginning (0).

A university education is expensive. You can borrow money from a bank, but if you do so, you will have to pay it back when you start working. In some countries you are not (0) **obliged (OBLIGE)** to start making repayments until your salary is above a certain level, but you can't put it off forever! This means that a (1) **(FAIR)** \_\_\_\_\_ large proportion of your (2) **(EARN)** \_\_\_\_\_ will have to go towards paying back your loan in the years after you graduate. (3) **(ALTER)** \_\_\_\_\_, you can try to work and study at the same time; you will get the education you want, and earn the money to pay for it. Does this sound ideal? Before you embark on such a course, there are some things you should bear in mind.

By combining work and studies, you will have an advantage over full-time students. Yes, their timetable will be less full than yours, but you will have one thing they don't experience. If you are studying a subject (4) **(RELATE)** \_\_\_\_\_ to your work, your real- life experiences in the workplace will help you understand the subject (5) **(WELL)** \_\_\_\_\_. But even if your work is (6) **(RELATE)** \_\_\_\_\_ to your studies, you will still learn a lot about balancing tasks, (7) **(CO-OPERATE)** \_\_\_\_\_ with others, and so on.

Of course, working and studying at the same time can be (8) **(STRESS)** \_\_\_\_\_, and time management is very important. Make a plan for each day and each week - and stick to it! Set yourself goals, like completing your (9) **(ASSIGN)** \_\_\_\_\_ by tonight, or finishing a task at work by lunchtime, and then give yourself a small reward for achieving it. Buy yourself a chocolate bar, go cycling, or take an evening off to be with friends - whatever makes you happy.

And speaking of friends, make sure you keep in touch with them through email, text messages, social networking sites, and by meeting up face-to-face. The opportunity to share ideas and experiences, get and give advice, and have fun together will keep you (10) **(MOTIVATE)** \_\_\_\_\_ and less lonely. In short, human relationships are essential for your (11) **(PSYCHOLOGY)** \_\_\_\_\_ health, especially when you are stressed.

Of course, there will be times when you must be on your own so you can focus on your studies. In the busy life of a working student, it is easy to lose sight of the ultimate goal, which is to get an education. If you find it (12) **(POSSIBLE)** \_\_\_\_\_ to balance the demands of working and studying at the same time, you might be better off getting a bank loan after all.
