

VS4c, e Classwork

1. Choose the reasons (4) why the capital was moved from Jamestown to Williamsburg.

Unhealthy living conditions in Jamestown caused diseases.	Fire destroyed wooden and brick buildings at Jamestown.	Williamsburg was an established town.
Williamsburg was more centrally located.	Drinking water in Jamestown was contaminated by seepage of salt water.	People were moving westward.

2. People living in colonial Virginia depended on _____, human, and _____ resources to produce the goods and services they needed.

True or False:

3. _____ Men made clothes for the family members in their household.
4. _____ Meals were made by going to the grocery store and picking up food.
5. _____ Most people lived in one-room houses with dirt floors.
6. _____ Some poor people lived in large houses (plantations).
7. _____ Food choices were limited.
8. _____ Enslaved Africans worked tobacco, or other crops, and livestock in industries including shipping, construction, and other trades.
9. _____ Some free Africans in America were denied basic rights.
10. _____ Africans began to have families born in America, increasing their population.
