اقرأ النص.**Penguins**

Penguins are black and white birds. Many penguins live on ice. Penguins have wings, but they can't fly. They use their wings to swim. They also have special feet. They use their feet to walk and also to swim.

Penguins eat fish. But they have a big problem. They can't always find fish to eat. The environment is changing, and the water is warm. The fish are swimming far to find new homes in cold water. But the penguins can't swim far like the fish.

Pandas

Pandas are black and white bears. They live in forests. Pandas eat bamboo* plants and leaves. They eat for twelve hours every day. They have strong teeth to help them eat. Pandas can climb trees and they can also swim.

There are only two thousand pandas in the world. They have a big problem. People are cutting down forests to build new homes. They are also cutting down bamboo plants. The pandas don't have a lot of food to eat.

*bamboo במבוק / خيزران
