

REFLECTION AND GROWTH PLAN ON TERM I **2021-2022**

Now that the term is over, it is time to undergo an important step
To reflect on your performance and to come up with a growth plan
that will guide you through the remainder of the academic year.

I- Reflection:

- 1- How was my focus in class?
- 2- How would I rate my studying habits?
- 3- Were the lessons/objectives taken interesting to me? How did I feel they impacted my daily life?
- 4- What is my overall outlook on my behavior as a learner?

II- Growth Plan:

To each of the above-mentioned points, come up with a plan to how you can improve yourself on a personal (character traits) and academic (grades) level.

III- Extra's:

I would also like to add/mention/comment on the following: (write anything that was not mentioned above here)
