I think I have had a very interesting life. I'm 73 now and I don't work anymore.

I was in the army for 51 years. I have been to so many countries that I can't remember all of them. I've been to Australia six or seven times and to South Africa three times. I have also been to Russia but I didn't like it there, it was too cold.

I've never been on television, but I've been on the radio once. It was a programme about life in the military about twenty years ago.

I've also met a lot of famous people. However, I've never met the American President which is a pity.

Because I've travelled a lot, I've seen a lot of wonderful things and have also eaten and drunk some strange foods and drinks.
