

Worksheet

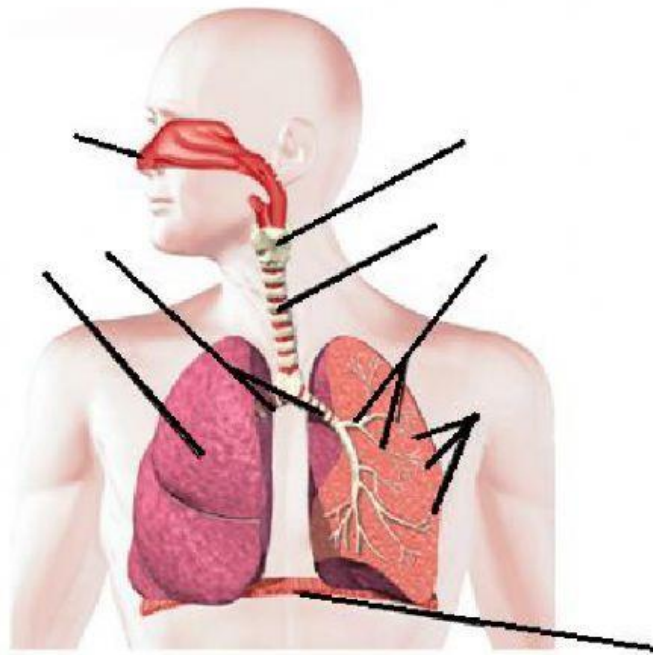

The respiratory system.

1 Complete.

The respiratory system are the organs that are involved in _____

2 Parts of the respiratory system.

Nose and nasal cavity	bronchioles	diaphragm	larynx
bronchi	lung	alveoli	windpipe

3 Complete

When we breathe we exchange _____ and _____

4 Order the breathing process.

	Go to your alveoli
	The air enters our bodies through our mouth or nose
	Goes down through your throat and into your windpipe
	Oxygen passes into your blood
	Continue through your bronchi and then to your bronchioles
	The heart pumps and sends the oxygen in your blood to all your body
	We exhale the carbon dioxide
	The blood goes to your heart
