Discussion Topics

Discuss these questions with your class.

1. What changes can you make to increase the physical activity level in your daily routine?
   - I can increase my daily physical activity by standing more often while doing my work and by taking walks after eating.

2. Is your life more or less sedentary than five years ago. What has change?
   - My life is less sedentary now than five years ago. Back then, I spent a lot more of my free time watching TV. Now, I am on a soccer team, so more of my free time is spent practicing and playing soccer.
