VI. Read the text then answer the questions

The Northern and the Southern parts ofVietnamhave very different types of weather at the same time of the year.

In the South, for example, there are two main seasons, the wet and the dry. The wet season lasts from May to November. There is a lot of rain during this period. The dry season lasts from December to April. It is very hot and humid during the time.

The North also has two seasons. They are called winter and summer. Winter lasts from November to April. The weather at this time is cool and dry. The North's hot summer lasts from May to October. During the summer period it is very sunny and wet.

1. Is the weather between the North and the South parts ofVietnamdifferent?

2. How many seasons are there in the South?

3. How long does the wet season in the South last?

4. What is the weather like in the North in winter ?
