1. Robin had 25 math problems and 36 science problems for homework. If she finished 34 of the problems at school, how many problems did she have to do for homework?

2. While on vacation, Jane took 30 pictures at the zoo and 12 at the museum. If she later deleted 19 of the pictures, how many pictures does she still have?

3. Faye bought 2 coloring books. One had 5 pictures and the other had 44 pictures. After one week she had already colored 35 of the pictures. How many pictures does she still have to color?

4. There were 41 girls and 22 boys trying out for the school's basketball team. If only 52 of them made the team, how many did not make the team?
