- A. are swiming B. am swimming
C. swims D. are swimming
23. This salad is awful. There isn't _____ salt in it.
- A. some B. a C. any D. an

IV. READING

Reading 1: *Read the passage and choose True, False or Doesn't say*

Australia – a great place to be

When people think of Australia, they often picture beautiful beaches, lovely weather, and lots of dangerous animals – such as salt water crocodiles and taipan snakes! It's true that we have these things, but Australia is more interesting than you might think.

Australia is in the South Pacific and it's the world's biggest island. We don't have any borders with other countries and our closest neighbours are Papua New Guinea and East Timor. Australia is the sixth largest country in the world. It's thirty times bigger than the United Kingdom, but nearly three times more people live in the UK. In the centre of the country there is a lot of desert. Most Australians live near the coast, where the country's biggest cities are.

There are plenty of exciting cities to visit here, including Canberra, our capital, and Sydney, which is famous for its Opera House and amazing harbour. Melbourne is near the top of the list of the 'most exciting cities of the world'. It has wonderful beaches, a great nightlife, fantastic shops, and lots of arts festivals and exhibitions.

Australia is a fascinating place to visit. We're very proud of our country and we usually welcome tourists. Our way of life isn't very formal, but we often take presents when we visit people. If someone invites you to dinner, it's a good idea to take along flowers or wine for your host.

The good weather means we can do lots of outdoor activities. Summer lasts from December to February, and winter from June to August. However, Australia is enormous and the weather isn't the same everywhere. The north has two types of weather – very wet and very dry! The centre stays dry all year round. But in the south, the weather changes from season to season. Summer in the south is hot, but winter can be cold, wet, and windy – you can even go skiing in the mountains!

Come and visit.

24. Australia has a border with Papua New Guinea.

A. True B. False C. Doesn't say

25. A lot of the land in the centre of the country is desert.

A. True B. False C. Doesn't say

26. There are some cities in the middle of Australia.

A. True B. False C. Doesn't say

27. Sydney is at the top of the list of the most exciting cities in the world.

A. True B. False C. Doesn't say

28. It rains in the autumn in the north.

A. True B. False C. Doesn't say

Reading 2:

Music influences people in different ways or the same person differently at different times. Music may seem to influence people differently. That is because people can react differently to the music. We are able to apply a choosing process to the music we hear. If someone hates jazz, then a jazz piece with a positive effect will probably not make him feel good. A happy song might appear to make an angry person angrier, yet it is not the music itself that is creating the anger; rather it is the positive effect of the music. The angry person does not want to accept the song's happy feeling: it points out his already existing anger, and makes that anger come to the surface. When a piece of music is played and we are listening to it, our body, mind, and feelings are being affected. The musicians of ancient cultures such as China, India, Turkey and Greece understood the effects of music. In fact, Pathagoras, in ancient Greece, introduced a whole science that concerned them. Because the musicians of these ancient cultures understood these effects, they created music that was positive, uplifting, and beneficial. *Once* the effects of music are better understood, the next step is to gain a better understanding of the music around us, and what effect it is actually having.

29. The text is about_____.

A. The science of music

B. Understanding music

C. The effects of music on human feelings

D. Music and an angry person

30. Music_____.

A. cannot be chosen

B. affects everybody in the same way

C. affects us in different ways

D. never make us angry

31. According to the text,_____.

A. Everybody likes jazz

B. Jazz always makes us feel better

C. No one likes jazz

D. a very angry person sometimes does not accept music

32. In ancient cultures, there used to be a science that concerned the effects of music in_____.

A. China

B. India

C. Turkey

D. Greece

33. The word "Once" has a close meaning to_____.

A. on time

B. when

C. because

D. if

IV. WRITING

Writing 1: Choose the best sentence from the words given
