Sandy went into the garden. She thought... "I'm going to make a bouquet for my mother on Mother's Day." She picked flowers of different colors for her bouquet.

In Thailand Mother's Day is on August 12th. It's also Queen Sirikit's birthday. People love the queen. They celebrate this special day by doing nice deeds, such as giving food and clothes to the disabled.

The jasmine flower is the symbol of Mother's Day. So the children always buy jasmines to make garlands or bouquets to pay respect to their mom. Some make cards and draw pictures and write sweet words for their mom.
