Last year, I went to Zallaq beach with my family, and it was dull without any trees or a playground for my younger siblings and the sea was full of rough stones. It was unpleasant day, and I didn't enjoy my time at all.

Now, everything is changed I can see some trees and flowers. Also, there is a playground for the kids so, my siblings are much happier. Moreover, the sea is cleaner, and you can walk happily in the sandy beach. I feel satisfied, happy and I will be coming here every weekend.
