

Week 2- Math Assessment

Use  to help you.

1. Which angles are smaller than a right angle?

and

2. Which angles are bigger than a right angle?

and

3. Which angles are a right angle?

and

Right Angles: **Less Or More?**

A right angle is an angle of 90 degrees.

Look at the angles below. Write "less than" if the angle is smaller than a right angle and "more than" if the angle is larger than a right angle.

Mark all the angles in each plane shape.

	Shape	Number of Sides	Number of Angles
