

REDUCE, REUSE AND RECYCLE.

A. CHOOSE THE CORRECT ANSWER

_____ is that you should limit the number of purchases that you make in the first place and cut down on the amount of disposable products and energy that you use each day. The idea is to create as little waste as possible.

_____ is that you should reuse items as much as possible before replacing them. There are many things we own that can be used more than once...or given to someone else to use. It cuts down on future waste.

_____ is to make new items out of used or waste materials. It takes a lot less energy to make things out of used materials than it does to start with raw materials taken from the Earth.

B. Find the correct word for the item.

packet/box	tin	can	carton of juice	jar
of cornflakes	light bulb	newspaper	bottle of ketchup	

C. Put the sentences into the correct column. (liigu tulpa pidi alla)

Use cloth napkins instead of paper napkins.	Turn off the water while you are brushing your teeth.	Bring bottles with deposit into the reverse vending machine.
Use bleach-free toilet tissues.	Turn off the lights before leaving a room.	Donate your old clothes to charity organizations.
Use jars and bottles more than once.	Use both sides of every piece of paper	Reuse plastic and paper bags.
Buy products in bigger packaging rather than in smaller amounts	Use rechargeable batteries for my toys and gadgets.	Use textile shopping bags.
Buy products that will last a long time.	Ride a bike or walk to school.	Sort trash and recyclables into the correct bins.

REDUCE	REUSE	RECYCLE
