2. Choose the correct word

Our school football team isn't very good, but we all go to the matches and **support** / **score** the players. They don't often **win** / **score** goals, but they **lose** / **train** twice a week and they are getting better. They really want to **win** / **compete** a match one day. Next Friday, they are playing in a match and I think they will **support** / **lose** again. However, our athletics team is very good and they do well when they **compete** / **score** against other schools.
