E-safety

Protection against cybersecurity issues

Activity 1

interactive

Part A:

It's important to make sure your password is strong.

A strong password has:

- At least 6 characters
- Letters
- Numbers
- At least 1 capital letter
- Symbols - @, _, #, $, %, -, / etc

Take a look at the passwords below.

Which ones are strong and which ones are weak?

Passwords	Strong	Weak
Cats%run8912		
Pretty20		
Flowers		
pink-Rabit75		
spiderman		

Part B:

Create your own strong password: .....

S T R E A M
