

## Activity 8

Mariam and Ahmed are learning about the **Input-process-output** for a **robotic system**.

Help them to complete the activity below by putting the **steps** in the **correct order**.

## Input

## Process

## Output

The Engino **processes** the input and **decides** what to do next.

## Engine

Temperature sensors detects the temperature of the room.

The processor sends a signal to the LED to switch on.
