Creative Writing.

The Christmas vacation is a very exciting time for all children as they look forward to receiving presents, eating their favourite holiday dishes or just spending time with their family.

Many families also take the opportunity to spend a quiet and relaxing vacation.

What were some of the things you did this vacation? What were the low or high points of the season for you?

Writing Task:

On Christmas Eve, Santa Claus woke you up and told you that you can accompany him on his sleigh.

Write a story about the adventure that follows.

Where did you go, what did you do, whom did you meet, how did you feel?
