★★★★★ Five stars!

The walking tour is great. We [1] _____ it completely by [2] _____ a few years ago, and we were so glad we did. Now we recommend it to everyone! This year's tour is different and the new [3] _____ version is even better! It's so much fun to imagine you are standing in the exact spot where [4] _____ struck or where a scientific [5] _____ was reached. Some of the places are easier to find because tourist plaques have been [6] _____ to tell you the history, but the tour includes lesser known places, too, and the guide [7] _____ the route so that it's a well-organised tour. It's amazing to think of all the [8] _____ that have come out of London over the years – and many of them are still [9] _____. (Though I don't think you can [10] _____ a telegraph message any more!) We love the tour, and so do our kids. I think experiencing something is a really [11] _____ and fun way to learn and remember it!
