

INTRODUCCIÓN A LAS fracciones

Una fracción es una parte del todo.

El numerador (número superior) es la cantidad de partes del todo. El denominador (número inferior) es la cantidad de partes en las que se divide el todo.

Escribe las fracciones a continuación:

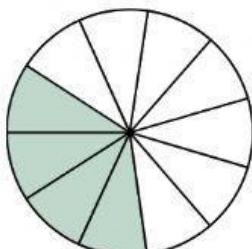

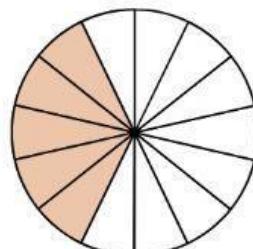

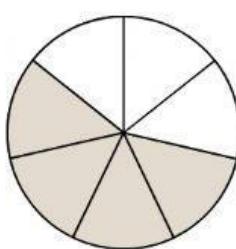

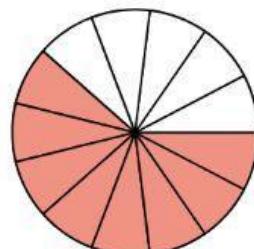

$$\frac{\boxed{}}{\boxed{}}$$

$$\frac{\boxed{}}{\boxed{}}$$

$$\frac{\boxed{}}{\boxed{}}$$

$$\frac{\boxed{}}{\boxed{}}$$

$$\frac{\boxed{}}{\boxed{}}$$

$$\frac{\boxed{}}{\boxed{}}$$

$$\frac{\boxed{}}{\boxed{}}$$

$$\frac{\boxed{}}{\boxed{}}$$
