Victoria Falls is one of the Seven Natural Wonders of the world. It is the largest waterfall in the world. It is 1.7 kilometers wide and 108 meters high. Victoria Falls is **located** on the border between Zambia and Zimbabwe, and travelers can access the falls through either Livingstone, Zambia or Victoria Falls, Zimbabwe. The Zambezi River, which originates in northern Zambia, serves as the fall's water source. Victoria Falls was discovered by the Scottish explorer Dr. David Livingstone in 1855. He named **it** after Queen Victoria. The locals called the falls Mosi-oa-Tunya meaning " the smoke that thunders". Long before you even see the waterfalls you can hear the roaring of the water! The months of June and July are probably the best time to view the falls. The water levels are still high enough to showcase the splendor of the falls, but the amount of water is less creating less spray and more visibility of the falls.
