Name:_____ P3/___ Date:_____

A. Identify the following Window Control Buttons. Choose the correct words.

Close | Restore | Minimize | Maximize

B. Match the description to the correct Window Control Button.

This button lets you see other windows and icons underneath your current window. The window will become a button on the taskbar.

This button when clicked fills the whole screen and lets you see more. It makes the window big.

You can make the window returns to its previous size after it has been maximized by clicking this button.

This button closes the window.

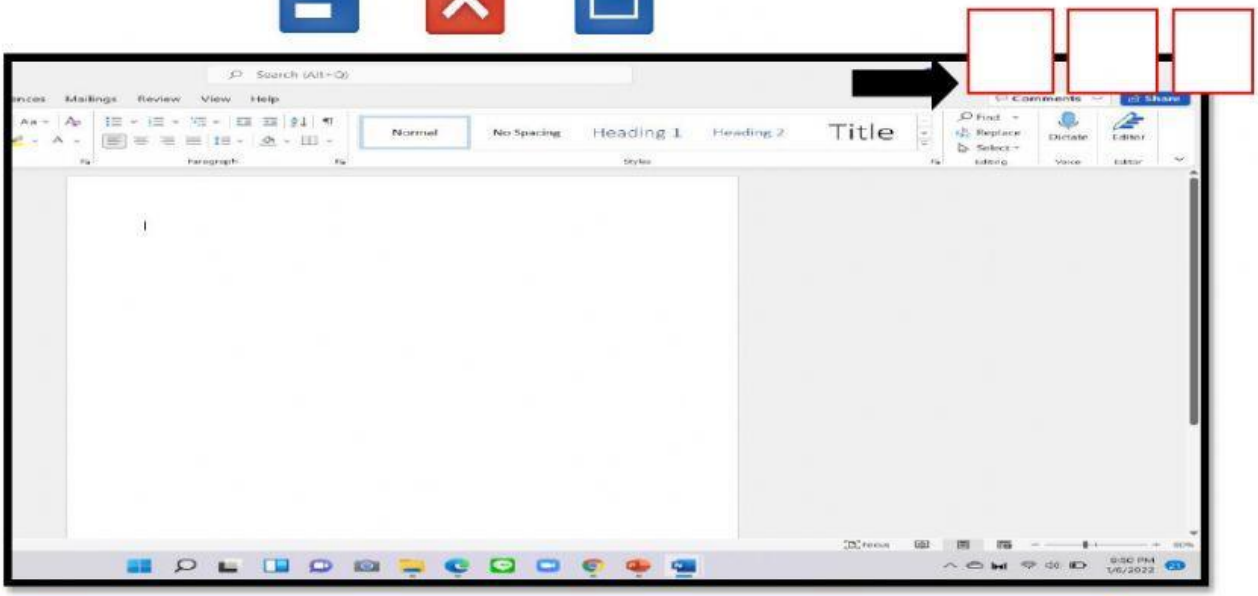

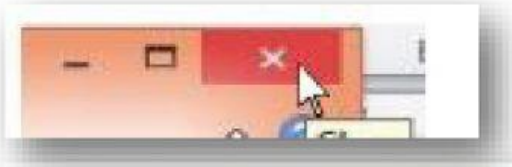

LIVEWORKSHEETS
