1. **Wall-E**

It's time for the annual school film festival and this year it's sure to be a success. The theme is robots and there will be over 15 films to choose from. Here are a few of the blockbusters that are showing.

Wall-E is a fantastic computer-animated adventure film about a cute robot directed by Andrew Stanton. Wall-E was designed and built by humans to collect rubbish. However, all the humans have left the Earth because it is polluted and Wall-E is left alone. One day, he meets a search robot named Eve. She realises that Wall-E has the solution to the planet's problems and takes back to tell the humans. A fantastic journey across the universe begins. You'll love it!

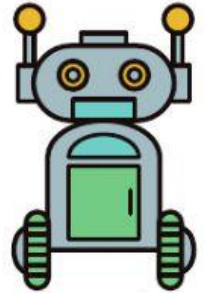

2. **Terminator 2: Judgment Day**

Terminator 2: Judgment Day is a thrilling science-fiction film. It was directed by James Cameron. Arnold Schwarzenegger stars as a T-800 robot. The film is about two terminator robots from the future. The T-1000 is sent back in time to Los Angeles to kill a boy who is going to be the future saviour of the human race. So another robot, the T-800, is sent back to protect the boy. But who will be terminated? This is a great story with brilliant special effects. It's a fast action-packed film for all science-fiction lovers.

3. **Bicentennial Man**

Bicentennial Man is a fascinating science-fiction drama. It was directed by Chris Columbus. The Martin family buy a robot, Andrew, who is programmed to do housework. However, they soon realise that it isn't an ordinary robot. Andrew begins to experience human emotions. This is an imaginative and touching film with a great story and brilliant acting. It is highly recommended!
